Subscription \$2.00 Per Year

CIRCUIT COURT NEXT MONDAY

SEPTEMBER TERM WILL NOT BE
VERY INTERESTING

SIX LIQUOR CASES DOCKETED

Other Cases Are Those That Were
Continued Over From the
Last Term

The September term of the circuit court for Iron County will convene in the court house next Monday at ten o'clock. The fall term will not be as interesting as previous ones as a greater part of the cases are ones that have been put over from other terms. There are six violations of the liquor law listed among the criminal causes. Following is a complete list of cases contained in the calendar:

CRIMINAL CAUSES
Docket No. 1 File No. 2571
The People vs. John Swidorski
Selling Intoxicating Liquor.
A. J. Waffan
Docket No. 2 File No. 2360
The People vs. Fred Rogers and Edward Flanagan.
Unlawfully storing intoxicating liquor.
A. J. Waffan
Docket No. 3 File No. 2639
The People vs. Mike Puller and Ida Puller.
Unlawfully storing intoxicating liquor.
A. J. Waffan
Docket No. 4 File No. 2644
The People vs. John Smith.
Violation of School Laws.
A. J. Waffan
Docket No. 5 File No. 2645
The People vs. John Smith.
Violation of School Laws.
A. J. Waffan
Docket No. 6 File No. 2629
The People vs. Emil Lapisto.
Assault with intent to do great bodily harm.
A. J. Waffan
Docket No. 7 File No. 2635
The People vs. Joseph Zegorski.
Assault with a dangerous weapon.
A. J. Waffan
Docket No. 8 File No. 2647
The People vs. Jacob Ipsen.
Unlawfully storing intoxicating liquor.
A. J. Waffan
Docket No. 9 File No. 2664
The People vs. Gerrehe Sarrett.
Unlawfully storing intoxicating liquor.
A. J. Waffan
Docket No. 10 File No. 2670
The People vs. Barbara Thompson.
Unlawfully storing intoxicating liquor.
A. J. Waffan
Docket No. 11 File No. 2669
The People vs. Frank Leno.
Assault.
A. J. Waffan
ISSUES OF FACT--TRIAL BY JURY
Docket No. 12 File No. 2337
The Lake Erie Ore Company vs. George W. Youngs.
I. W. Byers A. F. Dixon
Docket No. 13 File No. 2456
William D. McKeefry vs. George W. Youngs.
I. W. Byers A. F. Dixon
Docket No. 14 File No. 2466
Alexander Schlepik vs. Charles Sunn.
George Power M. S. McDonough
Docket No. 15 File No. 2490
Joseph S. Courtney, Trustee of McDonald Mining Co., Bkpt. vs. George W. Youngs.
John E. Tracy A. F. Dixon
Docket No. 16 File No. 2491
Anna C. Barras vs. Sarah J. Barras and John J. Cleary.
A. H. Ryall M. C. Spencer
Docket No. 17 File No. 2494
Manaba Furniture and Fixture Co. vs. Henry Bies.
A. F. Dixon
Docket No. 18 File No. 2495
Frank Pregetto vs. Anthony Vanni.
A. F. Dixon
Docket No. 19 File No. 2500
Mary Webber vs. Phillip Gorman.
George Power
Docket No. 20 File No. 2522
Levin and Sam Mayas vs. Michael H. Moriarty and Conlin.
C. D. Dwyer
Docket No. 21 File No. 2633
Trimenear vs. Verona Company.
Wm. P. Belden
Docket No. 22 File No. 2526
Power vs. I. W. Byers
Docket No. 23 File No. 2526
(Continued on Page Seven.)

NIGHT SCHOOL RESUMED.

Beginning Next Week Evening and Afternoon Sessions Will be Held.

Last spring strong pressure was brought to bear upon the Board of Education to organize a school for teaching English, Arithmetic, Writing, etc., to those who never had proper schooling in English. The results were so satisfactory that the Board concluded to make definite arrangements to begin early in the season and continue the school for the entire winter.

Notice is therefore hereby given by the board to all interested that work will begin next Monday evening at 7:30 o'clock. Those who cannot come in the evening can come Tuesdays and Thursdays of each week as last year in the afternoon at 4:00 o'clock. The school is a free school and all interested are cordially invited to attend. Begin at once and get the full benefit.

MARRIED AT FLORENCE, WIS.

Miss Sarah Cottrell of Omaha, Neb., and Jerry McLain were married at Florence, Wis., yesterday by the priest of the Catholic church at that place. They were attended by Verna Eslick of this city and John Crane of Crystal Falls. The bride formerly resided in this city and is a sister of Mrs. J. B. Eslick. She is favorably known here to many friends. She is a talented musician, and with two of her sisters appeared with a chautauqua the past season in New York state.

The groom is employed as engineer by the C. & N. W. on a freight, his run being from Powers to Crystal Falls. He is popular with the railroad men and has many friends in this city. Mr. and Mrs. McLain left for Chicago and other cities on their honeymoon trip. They will make their home at Powers, Mich., where the groom has a furnished home ready for his bride.—Iron Mountain Tribune-Gazette (Tuesday, Sept. 12.)

AUTO LICENSE RECEIPTS BIG.

The receipts of the state for auto licenses are mounting so high that the guesses made at the time the Newell Smith auto law was passed are all being distanced.

Until Sept. 1, the date upon which began the bargain price of half rate, there has been taken in by the secretary of state \$1,657,481.80 for approximately 150,000 licenses.

July 1, \$1,501,089.23 was split in half and divided between the state and highway department and the counties in which the autos were owned. The next distribution will come Jan. 1, and there is already \$155,392 in the pot for new year distribution.

RUNNING ON ONE LICENSE.

Chief of Police Broad has been busy all week rounding up automobile owners who have been running their cars without the required number of licenses. As a result of his investigation he found eleven cars in the city that have been running with only one license attached, when the law requires two. All of the owners excepting three had the other licenses but neglected putting them on. Two cars in the city were also found by the chief to be running with the same numbers. This tangle was also straightened out by the chief. All of the eleven took steps at once to carry the proper licenses.

STARTED LAYING PIPE.

Charles Johnson, who has the contract to extend the water main from the west side of the Paint river to the western location, started excavating on the east side of the river and will continue on that side until the water in the river gets low enough so as to warrant him building a coffer dam. When the water reaches its normal condition the dam will be completed and a ditch three feet deep will be dug in the river bed for the reception of the pipes. Charles Coleman, a contractor from Commonwealth, arrived in the city Monday to assist Mr. Johnson with the work.

K. of P.'S RESUME WORK.

The K. of P.'s held their first meeting last Wednesday night after their vacation during the hot summer nights. The degree team started the ball rolling by initiating one candidate into the mysteries of the first degree. After the work all present enjoyed a supper.

Atty. H. C. Fraser made a business trip to Marquette last Tuesday.

OFFICERS MADE ANOTHER RAID

TWO "PIGGERS" FROM DUNN MINE
ROUNDED UP SATURDAY

HEARING SET FOR SEPT. 26

Small Amount of Beer Found At
Both Places When Raid
Was Made

The deputy sheriffs from this side of the county made another raid last Saturday night and as a result Pete Yamen and Bartalo Mantegame are the two latest victims who will have to face Judge Flannigan and answer to the charge of violating the local option laws.

Yamen and Mantegame are both boarding house keepers at the Dunn mine location and reports have it that they were doing a flourishing business in dealing out the beer up to the time that the deputies pounced down upon them. The officers who made the raid were Deputies Jensen, Trombley, Lind, Urban, Broad and Aeschlieman.

When the officers arrived at Yamen's place they found very little beer in the house but upon searching about the grounds discovered that he kept his root house pretty well loaded with the wet goods. At Mantegame's place only a small amount of beer was found but enough evidence was secured to show up the fact that beer has been sold by him in large quantities. Outside of beer no whiskey or other intoxicants were found in either of the two places.

The men were brought to this city where they were placed in jail to await Monday so that they could be arraigned. They furnished bonds and the date for hearing the cases has been set for Tuesday, September 26.

Duluth Drying Up.

Duluth is "drying up" by degrees as a result of the vote in that city last spring to abolish the saloons. Before the Prohibition rule for Duluth was passed by voters there, licenses could be procured by liquor men at any time during the year. These licenses are being revoked as they expire. Three saloons closed their doors during the last week of August, making a total of eleven up to Sept. 1.

During July four saloons went out of business, while three will close during September, two in October, four in November and one in December. By January 1, 1917, a total of twenty-one will have closed their doors. The last license will expire on June 30, 1917.

Duluth's gradual drying out, incidentally, is proving to be a matter of deep concern to the liquor interests of the upper peninsula of Michigan, who fear that the spectacle of Duluth going dry will carry a big moral weight in the Michigan statewide prohibition campaign this fall.

FORD CAR BADLY WRECKED

A Ford car was badly wrecked on the Florence-Iron Mountain road, about two miles from Commonwealth Wednesday afternoon. The car contained three Finlanders from Crystal Falls. They were speeding along at about a 30-mile clip and the driver instead of putting on the brake in meeting a car, put on the reverse lever. The car turned completely over. The driver was caught under the car and, after much difficulty, his two companions succeeded in lifting the car and releasing him. One of the other fellows was badly cut on one arm. He was brought to this city and the wound dressed by Dr. Campbell. The wrecked car was also brought here to Wismer's garage for repairs. And still they will speed.—Florence Mining News.

SHIPPED LARGE AMOUNT OF ORE.

Ore shipments from Escanaba during the month of August totalled 1,079,169 tons, according to figures given out by the railroads. Of this amount 743,972 tons were shipped from the Northwestern docks and 325,197 from the C. M. & St. Paul dock.

In August, 1915, the total shipments were 932,724 tons, or 146,445 tons less than this year.

Miss Adelaide Abbott will leave today for Green Bay, where she will spend the week-end with friends.

WILL MEET IN MARQUETTE.

Engineer Burridge Receives Letter from State Highway Commissioner.

The following letter was received by our County Road Engineer from the State Highway Commissioner:

September 7th, 1916.
Mr. A. L. Burridge,
Engr. Iron County,
Crystal Falls, Michigan.

Dear Sir:—
The Federal Aid Road Law, recently enacted by Congress, appropriations to Michigan during the next five years \$2,186,755.80. This money can be obtained only by meeting it dollar for dollar, thus insuring the spending of at least \$4,373,511.60 on federal aided roads during that period.

Section 10 of the Federal Act provides that "the secretary of agriculture shall make rules and regulations for carrying out the provisions of the act." Under this authority he recently called the highway departments of the several states to Washington for the purpose of discussing the proposed rules.

Inasmuch as the act in itself and the rules adopted by the secretary of agriculture require that the states comply with certain rules and regulations not heretofore in force, and will doubtless call for certain enabling legislation, I have thought best to lay the whole matter before the county commissioners and friends of the good roads cause in Michigan for the purpose of discussing fully and frankly plans that may be suggested for using our federal aid money. This is done in the hope that the greatest possible good to the road cause of Michigan may result from this expenditure.

In order to carry out this plan, I have called a meeting at the Court House at Marquette, Michigan, September 20th, 1916, at 10:30 a. m. I hope you will be present and that you will invite your county highway engineer or superintendent and any other persons who are especially interested in developing the road system of the Upper Peninsula.

Very truly yours,
FRANK F. ROGERS,
State Highway Commissioner.

Some of the leading citizens of Crystal Falls ought to accompany Mr. Burridge to Marquette to attend this convention.

Mr. Burridge is considered one of the best road engineers in Michigan, and his advice and counsel are sought in every convention where the question of good roads is discussed. Under the aid offered by the Federal government, it seems as though Baraga county will be able to build their road through the county within the next year or two. If Baraga county should take advantage of the Federal proposition, it appears now as though it would not be any great hardship for the taxpayers of the county to build the road, taking into consideration the award they would receive from the state. If a good highway is opened up from the copper country, it will not only open a new section of country through Iron county, but will bring many tourists not only from the copper country but from all parts of the state, through Crystal Falls, and the business men of this city ought to applaud the efforts of Mr. Burridge in trying to bring about these conditions and give him assistance wherever and whenever they can.

FELL FROM STAND PIPE.

Son of Sheriff Sensiba Had Misfortune To Break Both Arms.

Fred Sensiba, the ten year old son of Sheriff and Mrs. Sensiba, was painfully injured last Monday afternoon when he fell from the stand pipe, which is located back of the court house.

Fred and some other boys were playing around the pipe when Fred started to climb up. He reached a distance of about twenty feet when he lost his hold in some manner and fell to the ground, breaking both arms at the wrist as a result of the fall.

The unfortunate boy was taken to the hospital at once, where his injuries were attended to. It will be some time before he will be able to use his arms again.

NEXT CONVENTION AT 800.

Sault Ste. Marie will entertain the Odd Fellows of the upper peninsula at the next annual convention of the Upper Peninsula League of Odd Fellows. Gladstone royally entertained the delegates to the convention of this year.

Exemplification of the work of the order by the Sault Ste. Marie degree team furnished one of the features of the convention.

Delegates were present from practically every Odd Fellows' lodge in the peninsula and all thoroughly enjoyed every part of the entertainment program that was provided by the Gladstone members.

CO. CONVENTION OF REPUBLICANS

MEETING HELD LAST TUESDAY IN
THE COURT HOUSE

COMMITTEES ARE APPOINTED

Delegates Elected To Attend State
Convention, Which Will Be Held
At Saginaw

The Republicans of Iron county met in convention last Tuesday, in the court house, in the city of Crystal Falls. Mr. W. J. Perkins of Alpha was selected as chairman, and W. J. Reynolds of Crystal Falls, as secretary of the convention. The chairman appointed the following committees:

Credentials—Olaf Helgemo, Art Scott, James R. Flood.

Organization—Geo. Voos, A. D. McRae, S. A. Munson.

Order of Business—Olaf Helgemo, Geo. Voos, W. J. Perkins.

Resolutions—Thomas Ponglase, Art Scott, W. J. Reynolds.

The following delegates were selected to attend a state convention to be held at Saginaw September 28th.

M. H. Moriarty, W. J. Richards, Chas. H. Watson, Pat. O'Brien, E. S. Bridges, R. F. Gibbs, M. S. McDonough, A. Frank Dixon, E. C. Bower, M. E. Richards.

Alternates—John Wall, Herman Holmes, Thomas Ponglase, Geo. Voos, W. J. Reynolds, A. D. McRae, W. J. Perkins, L. A. Lyon, Harry C. Fraser, P. L. Boyington.

The delegates were instructed for Grant Fellows for Justice of the Supreme Court, and O. B. Fuller for Auditor General, but there is a strong sentiment for Alex Groesbeck. The following committeemen were selected for the townships and wards of the City for the ensuing year:

Stambaugh township—S. A. Munson, chairman; Art Scott, secretary.

Bates township—Olaf Helgemo, chairman; Adolph Forsberg, secretary.

Crystal Falls township—W. J. Richards, chairman; Geo. Jolliffe, secretary.

Hematite township—J. T. Gibson, chairman; Chris Rowe, secretary.

Iron River township—Pat. O'Brien, chairman; Arthur Ames, secretary.

Mastodon township—W. J. Perkins, chairman; J. Erikson, secretary.

Mansfield township—Jas. Davey, chairman; T. J. Corbett, secretary.

City of Crystal Falls—1st ward—Thomas Ponglase, chairman; J. S. Jacka, secretary. 2nd ward—James R. Flood, chairman; Geo. Voos, secretary. 3rd ward—W. J. Reynolds, chairman; Chas. H. Watson, secretary.

Resolutions were adopted endorsing the principals of the Republican party and its candidate for president, Charles E. Hughes, and Albert E. Sleeper for governor; also deploring the high cost of living under the Democratic administration; its repeal of the tariff, its Mexican policy and the raising of the nominal income tax, and after giving three rousing cheers for Hughes for President and Sleeper for Governor, on motion of Mr. Voos, the convention adjourned.

THE NEW FORD.

The most sensational event in automobile circles since the announcement of the reduced Ford prices on August 1st is the introduction of the new Ford models, which embody several radical changes in the familiar Ford lines. The new cars are of graceful stream-line design and are equipped with sweeping crown fenders, both front and rear. The radiator is larger to give greater cooling capacity. The car is finished entirely in black, with nicked hub caps and radiator cap, and is equipped with nonskid tires on the rear wheels. In fact, it appears that the Ford Motor company, with its usual thoroughness, has produced in this model a car which for beauty of design will make it distinctive among motor cars. There has been no change made in the chassis, or the Ford motor, with its record of over 1,500,000 in active daily use. Similar changes in design have been made in all Ford models: Runabouts, \$345; touring, \$360; coupelet, \$505; town car, \$595; sedan, \$645.

Jacob Schmid and Dr. Nordstrom are among those from this city in attendance at the Milwaukee fair.

TEN MILLION TONS.

May Be the Movement of Iron Ore on the Lakes in August.

While it is not confidently expected that the iron ore movement for this month will amount to 10,000,000 tons, it would not be a great surprise if the figures show that that immense tonnage has been shipped from the iron ore docks of the Lake Superior region. The weather has been favorable, the amount of grain hauled has decreased and all conditions have contributed to a record-breaking movement.

Iron ore shippers state very positively that they will not pay \$1 net for the movement of ore from the head of the lakes next year and indications are that the opposition to such a high rate will be very strong, says Iron Trade Review. The experience of past years, when very high ore prices have been followed by slumps, is cited, and it is pointed out that an advance to \$1 for the carrying of the ore would necessitate an advance to \$5.50 for old range bessemer, a price which has not prevailed since 1900, when, following the boom of 1899, the buying movement for 1900 was started Dec. 15th, 1899, at an advance of \$2.50 per ton over the \$3 price paid for 1899 delivery. The making of this price was followed by a slump, failure of buyers to take their ore and generally unsatisfactory conditions, and in 1901 the price was reduced to \$4.25 and did not get back to \$5 until 1907. In October, of that year, there was a panic and the price for 1908 was reduced fifty cents.

During the past few days, the supply of vessel tonnage has not been equal to the demand for the carrying of ore for this year and a small tonnage of ore was contracted for at \$1.25 net, from the head of the lakes for shipment to Buffalo. It is expected that very high rates will be paid on small tonnages during the remainder of the season.

UNITED STATES COURT.

Opened at Marquette Last Tuesday with Several Important Cases.

The September term of the United States district court opened at Marquette Tuesday morning. One of the important cases to be heard is the United States vs. Jorgen Jorgenson.

It is understood that several bankruptcy matters will be taken up, and there is also a possibility that some criminal cases may be tried.

The McNabb breach of promise suit which has attracted some attention because of the large amount of the damages claimed, the judgment asked being \$500,000, will not be tried at this term but may be taken up at the April term.

The Jorgenson case involves the interesting point of law of whether the Panama canal zone can rightly be called a part of the United States. Jorgenson is asking for naturalization papers on the grounds that he has lived in the United States the required length of time assuming that the period of time in which he was in the government employ in the canal zone be considered as being spent in the United States. The case was started last February.

YEOMEN ENJOY VISIT.

The Brotherhood of Yeomen lodge was visited last Wednesday night by a large delegation of their brothers from Stambaugh. Most of the Stambaugh boys came over in cars. The visitors were escorted to the lodge rooms, where a very pleasant evening was spent. Lunch was served.

NOTICE.

The parties implicated in the matter of stealing a pig from the Crystal Falls Creamery association will kindly, in order to avoid arrest, mail their check for \$12.00 to the above association without delay, as all of the members of the party are known.

REBEKAH PARTY.

"The maidens all folorn" have returned and their postponed party will be given Friday evening, Sept. 22, at Conlin's hall. Lunch served and card prizes given. Everybody welcome. Price 15c.

Miss Ora Pelham returned home last Saturday from Crystal Falls, where she spent the week as the guest of the Misses Martin.—Iron Mountain Press.

Mayor Munn and H. J. McLaren went to Milwaukee last Monday to take in the Fair.
